

ENGINEERED HARDWOOD FLOORING

OPEN GRAIN

MICRO BEVEL EDGE & END

CLEAN GRADE | MINIMAL KNOTS

The Sahara Series is the perfect floor for every home.

Just the right amount of natural character for all décors, on trend and traditional colors, low gloss, durable finish, and the perfect board width for most rooms. And with an **ultra-thick** surface layer, the Sahara series can easily be sanded and refinished.

Showcasing popular species and colors: American Oak, selected grade for just the right amount of character. With a wide range of colors, a wide width format, and approved for over radiant heat, the **Sahara Series** provides many options.
